### **Student Research Center**

Audience: Students: Secondary school

The Student Research Center provides students in secondary education with the most appropriate research tools for easily obtaining the information they seek from their EBSCO databases.

Through the Student Research Center, users can easily pre-determine which content sources (e.g. Magazines, Newspapers, Biographies, etc.) will be included with their search. They can also search their databases by topic heading, make use of an online dictionary and encyclopedia, explore the top searches of the day, and even limit their search according to appropriate Lexile reading level.

### **Testing and Education Reference Center**

Audience: K-12 to Higher Education

The Testing and Education Reference Center provides online courses, practice tests and other dependable guidance and research tools to prepare users for Advanced Placement exams, the SAT and other important school exams. It also provides guidance on school programs and finding tutoring assistance providers.
